

About the RUN run

The new **RUN** is all about teamwork. To emphasise this basic idea, there will be a run on **9 July** in which a **2.5 km course** must be completed twice as a **relay team**. Guided tours of the **RUN** laboratories will also be offered on the same day.

Start and finish are in front of the **RUN**. Interested runners are asked to sign up free of charge until 7 July. Starting documents can be collected from the **RUN** on the day of the race.

The relay teams are divided into different categories depending on the age and gender of the team partners. Each participant contributes the following number of points to the team:

	Male	Female
< 35 y	1	2
> 35 y	2	3

There will be prizes for the fastest teams with 2, 3 and 4+ points!

Schedule

- 13:00 - 15:30** Lab tours
- 14:30 - 15:30** Registration for RUN run at the **RUN**
- 15:45 - 15:50** RUN run briefing
